

Is Geography Destiny

Creating Graphs

- Go to THE ANNEX@
- Find your teacher's spreadsheet
- File-> Make a copy -> Rename it
- Clean up cells so that they only have numbers
- Delete sheets for other class periods (right-click on tab "carrot")
- Duplicate you class period's sheet 4 times (right-click on tab "carrot")
- Rename each sheet one of the following: GDP, Infant Mortality, HDI, % Below Poverty Line, Population Density
- In each sheet, delete all rows that are not the 1st row + the data set in the sheet name (hold control, command, or shift button while clicking to save time)
- In each sheet, highlight the remaining rows, and click insert -> chart
- Click on 3 dots at the top right of your chart and select "Move Chart to Own Sheet"
- Rename the chart sheet "Data Set" Chart (e.g., GDP Chart)
- Repeat chart creation process for each data set sheet. There will be five altogether.
- Click on 3 dots in top right of charts to customize each one
