

How to Make Homemade Hand Sanitizer

Although washing your hands is one of the best ways to stay healthy during the Coronavirus COVID-19 outbreak, it's still a good idea to have some hand sanitizer as an option. Since hand sanitizer had become hard to find and others are price gouging. Use this easy recipe to make your own hand sanitizer at home.

Home Hand Sanitizer Recipe: You will need:

- Rubbing Alcohol - 99%
- Aloe Vera Gel
- Tea Tree Oil
- Essential Oils
- Plastic Bottle with Lid
- Travel Spray Bottle

Directions:

- Wash hands and make sure you are working on a clean surface
- Pour Rubbing Alcohol 60% of the way into the plastic bottle
- Pour Aloe Vera Gel the rest of the way (about 40% of the bottle)
- Add ten drops of Tea Tree oil into the bottle
- Add a few drops of essential oils like lavender into the bottle
- Shake up
- Pour home made hand sanitizer into travel sized spray bottle. Save the rest in plastic bottle for refill.
