

10 Online Ways to Build Student Relationships

- 1. Your personality is your online teaching strength.
- 2. Sing. Dance. Do whatever it takes to be yourself!
- 3. Build on what you learned about student's before.
- 4. Let your students' interests show in your online class.
- 5. When you can, build in a personal moment with each student.
- 6. Be present for your students however possible.
- 7. Do your best to recreate the warmth you show in person.
- 8. Make sure your video and audio are very clear.
- 9. Be willing to adapt in the moment just like you do in person.
- 10. The benefit of live video is the human element. Turn off slides!
